

Black History Month

Reclaiming Narratives

- ✓ Celebrate Black Heritage: This Black History Month, we call on black communities to take charge of their stories, ensuring that their voices are heard and celebrated.
- ✓ Challenge Misrepresentation: It's time to dispel the myths and distortions that continue to cause harm. Let's contribute to a more accurate and respectful representation of Black History in our workplace and beyond.
- ✓ Create Safe Spaces for Dialogue: Can your workplace foster meaningful discussions around the themes of Black History Month 2024? Consider how your organisation can embrace open, honest dialogue that empowers every voice.
