

The Power of Communities

International Day Against Homophobia, Transphobia & Biphobia

- ✓ “The power of communities” is the heartbeat of this year’s campaign, affirming that together, we create safer, more compassionate spaces for everyone.
- ✓ Community means belonging. Whether you’re part of the LGBTQIA+ community or an ally, your voice matters.
- ✓ Homophobia, transphobia, and biphobia remain real threats to wellbeing. Let’s reflect on how solidarity, listening, and inclusive action can combat stigma.
